Client

Client: leads

This list displays platform users who have not completed KYC verification, facilitating the identification of potential clients.

Search and Filter — Search for potential clients by name, email, phone number, country, and tags.

Show Rows — Display potential client data in 5, 10, 20, or 50 rows.

Export — Export historical transaction request records.

Setting — Click this button to show/hide specific fields in the list.

Manager — Check if the registered user has been assigned to a sales manager.

Registration Date — View the potential client's registration date.

KYC Status — View the potential client's current KYC verification status.

First Login Date — View the potential client's first login date.

Last Login Date — View the potential client's last login date.

Status — The current status of the potential client.

Quick Search Tags — Click existing tags to search.

Create Search Tag — Quickly add new tags by entering a tag name.

The 'Create Search Tag' modal form contains two input fields. The first is labeled 'Tag Name' and has the placeholder text 'e.g., Premium Clients'. The second is labeled 'Search Keywords' and has the placeholder text 'e.g., premium, vip'. Below the second field is a small instruction: 'Enter keywords separated by commas that will trigger this tag'. At the bottom right of the modal are two buttons: 'Cancel' and 'Create Tag'.

Bulk Assign Leads to Sales Representatives: Click the "Assign" button to open a pop-up, select multiple potential clients, assign them to sales representatives, and assist them in completing KYC verification to become formal clients.

Selected Leads — Displays the selected potential clients.

Assign to Sales Representative — Select the corresponding sales representative from the drop-down list.

Follow-up Notes (Optional) — Add follow-up notes for the assigned sales representative.

Bulk Add Tags:

The 'Bulk Assign Leads to Sales Representative' modal form displays a list of 'SELECTED LEADS' with two items: '1321 321321 111@qq.com' and '未KYC 未KYC 1234567@qq.co'. Below the list is a dropdown menu labeled 'Assign to Sales Representative' with the option '-- Select Sales Representative --'. To the right of the dropdown is a summary box showing 'Total Leads: 2', 'Assignment Date: Jan 7, 2026', and 'Assigned By: Admin'. Below these is a text area for 'Follow-up Notes (Optional)' with the placeholder 'Add notes for the assigned sales representative...'. At the bottom right are two buttons: 'Cancel' and 'Assign Leads'.

Click the "Add Tag" button to open a pop-up, select existing tags or enter new ones, and apply them to selected potential clients.

Select Existing Tag or Enter New Tag Name — Add existing tags or create new tags for potential clients.

Selected Leads — Displays the selected potential clients.

Detailed View:

Click the "Detail" button to view the potential client's detailed information.

Add Tags to Selected Leads

Select Existing Tag or Enter New Tag Name

-- Create New Tag or Select Existing --

Or enter new tag name (e.g., VIP, Urgent, Premium)

Preview - This tag will be added to 2 lead(s)

Registration Information — The potential client's registration details.

Account Information — The potential client's account details.

pg. 4

Signed Legal Documents — Legal documents signed by the potential client.

Sales Assignment — Assign a sales representative to the potential client.

Send Notification :

Click the "Notification"  button to send reminders to the potential client.

Recipient — View the potential client receiving the reminder.

Notification Type — Choose between in-app notification and email notification.

Notification Content — Enter the subject and message of the reminder.

Delivery Schedule — Select to send immediately or schedule the reminder.

The image shows a "Send Notification" modal form. At the top, there's a title bar with a close button. Below it, the "Recipient" section shows a client profile with ID 1321 321321, email 111@qq.com, and Client ID: 937. The "Notification Type" section has two options: "System Notification" (in-app) and "Email Notification" (email), both with green checkmarks. The "Notification Content" section includes a "Subject / Title" field and a "Message" text area. Below that is an "Email Template (Optional)" dropdown menu. At the bottom, there's a "Delivery Schedule" section. The footer contains three buttons: "Cancel", "Preview", and "Send Notification".

Add New Client :

Click the "Add New Client" button to open a pop-up and directly add new clients in the backend.

Personal Information — Enter the client's personal details.

Contact Information —

Enter the client's contact details.

Login Credentials —

Set the client's login password (minimum 8 characters) or auto-generate a secure password and send it via email.

Account Management —

Assign a sales manager to the client.

KYC Configuration — Configure the client's KYC verification mode.

The screenshot displays the 'Add New Client' form with the following sections and fields:

- Personal Information**:
 - First Name * (text input)
 - Last Name * (text input)
 - Date of Birth (calendar icon, placeholder: yyyy/mm/dd)
- Contact Information**:
 - Email * (text input: client@example.com)
 - Phone Number (text input: +1 (555) 123-4567)
 - Country * (dropdown menu: Australia)
 - Deposit Currency (dropdown menu: USD - US Dollar)
- Login Credentials**:
 - Password * (text input: Enter password (min. 8 characters))
 - Confirm Password * (text input: Re-enter password)
 - Auto-generate secure password and send via email (checkbox, unchecked)
- Account Management**:
 - Assign to Manager (dropdown menu: -- Select Manager --)
- KYC Configuration**:
 - Auto-Approve KYC (radio button, selected)
 - Skip manual review and approve automatically after the client submits KYC
 - Require KYC Verification (radio button, unselected)

Client: Client list

This list displays clients who have completed KYC verification. Its functions are similar to the "Leads" page and will not be repeated here.

Transactions

Transactions: Deposit

This page allows the sales team to review clients' deposit requests in the backend.

The screenshot shows the 'Deposit Management' dashboard. At the top, there's a header with a bell icon, a user profile 'Admin Administrator', and a sub-header 'Deposit Transactions' with the description 'Real-time overview of all deposit activities'. Below this, there are four status filters: '\$ \$0.00 Today', '15 Pending', '1 Processing', and '18 Completed'. A search bar is present with the placeholder 'Search by client name, client ID, client email, tags...'. To the right of the search bar is a 'QUICK SEARCH TAGS' section with a '+ Search Tag' button and several existing tags: 'test tag1', 'test tag12', 'test tagtest tagtest tagtest tagtest tagtest tagtest tag', 'Bitcoin', 'Ethereum', 'Pending', 'Large Amount', and 'Bank Transfer'.

Search and Filter — Search for deposit requests by client name, client ID, email, and tags.

Quick Search Tags — Click existing tags to search.

Create Search Tag — Quickly add new tags.

The screenshot shows a 'Create Search Tag' modal form. It has a title bar with a close button. The form contains two input fields: 'Tag Name' with the placeholder 'e.g., High Value, Crypto Only' and 'Search Keywords' with the placeholder 'e.g., bitcoin, ethereum, crypto'. Below the keywords field is a note: 'Enter keywords separated by commas'. At the bottom right, there are two buttons: 'Cancel' and '+ Create Tag'.

Click the "Detail" button to view and edit the template's details (e.g., applied countries, questions, rules).

Click the "Delete" button to remove an existing template.

The screenshot shows a modal window titled "Create New KYC Template" with a close button (X) in the top right corner. The form contains the following fields:

- Template Name ***: A text input field with placeholder text "Enter template name..."
- Description**: A text input field with placeholder text "Enter template description..."
- Applied Countries ***: A multi-select dropdown menu showing a list of countries: All Countries, United States, United Kingdom, Canada, Australia, and Germany. Below the list is a hint: "Hold Ctrl (Cmd on Mac) to select multiple countries".
- Status**: A dropdown menu currently set to "Draft".

At the bottom right of the modal are two buttons: "Cancel" and "Create Template".

The screenshot displays the detailed view of a template named "Standard Individual KYC". At the top, a table lists the template's attributes:

TEMPLATE NAME	APPLIED COUNTRIES	QUESTIONS	RULES	STATUS	LAST UPDATED	ACTION
Standard Individual KYC Standard verification for individual accounts	Australia Canada +3 more	6 Questions	0 Rules	ACTIVE	Jan 7, 2026	Hide Delete

Below the table, the details are organized into two main panels:

- Template Information**: Contains fields for Template Name (Standard Individual KYC), Description (Standard verification for individual accounts), Total Questions (6 Questions), Active Rules (0 Rules), Status (ACTIVE), Last Updated (January 7, 2026), and two toggle switches: "Enable Third-party KYC System" (checked) and "Auto-Approve KYC" (unchecked).
- Applied Countries**: A section titled "Country List" showing a horizontal scrollable list of selected countries: Australia, Canada, Germany, United Kingdom, and United States.

Enable Third-party KYC System — Toggle to enable or disable third-party KYC system.

Auto-Approve KYC — Toggle to enable or disable automatic KYC approval.

KYC: KYC Setting

Configure KYC verification requirements and account opening templates.

The screenshot displays the 'KYC Settings' page. At the top, there's a header with the title 'KYC Settings' and a subtitle 'Configure KYC verification requirements and account opening templates'. On the right, there are notification and user profile icons. The main content area is titled 'KYC Notice Display Settings' with a subtitle 'Configure the KYC notice card text shown on client dashboard'. Below this, there are several sections for configuration:

- Notice Title:** A text input field containing 'Complete Your KYC Verification'.
- Notice Subtitle:** A text input field containing 'Verify your identity to unlock full trading capabilities'.
- Notice Description:** A larger text area containing a paragraph about the KYC requirement.
- Requirements Section Title:** A text input field containing 'Required Documents'.
- Verification Time Notice:** A text area containing information about the expected verification processing time.
- Primary Button Text:** A text input field containing 'Start Verification Now'.

At the bottom, there is a blue note box stating: 'Note: These settings control the text displayed on the KYC notice card that appears on the client dashboard. Changes will be reflected immediately after saving.'

Notice Title — Main heading displayed on the KYC notice card.

Notice Subtitle — Secondary text shown below the title.

Notice Description — Main content text explaining the KYC requirement.

Requirements Section Title — Heading for the required documents section.

Verification Time Notice — Information about expected verification processing time.

Primary Button Text — Text for the main action button.

IB Commission Rules Assignment

Current Configuration: The current rule configuration for this application.

Step 1: Assign Agent Tier Level

Tier Selection: Select the agent tier level for this IB. Tiers are pre-configured in IB Tier Template.

Select Agent Tier Level *

Tier 2 - Senior Agent (Recruit + Reports)

Selected Tier:

Permissions:
- No special permissions

Commission rates will be determined by the IB Rules assigned in Step 2

Step 2: Assign Commission Rules

Commission Rules: Select rules that will apply to the configured tiers. You can assign different rules for different product types.

☐ Crypto Commission Rule
Daily • \$50.00 min payout • 1 Products • Active

☐ Premium Rule
Bi-weekly • \$50.00 min payout • 3 Products • Active

☐ Regional Partner - APAC
Monthly • \$75.00 min payout • 2 Products • Active

☒ Standard Rule
Real-time • \$100.00 min payout • 2 Products • Active

☐ Ultra Rule
Daily • \$25.00 min payout • 3 Products • Active

Product	Commission Type	Rate	Additional	Min. Volume	Action
Crypto	Percentage	20.0000	0.0000	0.01 lots	

Commission Type Guide

Per Lot (Volume-based)

- Rate:** Base commission per lot (e.g. \$10.00/lot)
- Additional:** Bonus commission per lot (triggered when monthly volume exceeds threshold)
- Formula:** $Total = (Rate \times Lots) + (Additional \times Lots \text{ if volume } > \text{threshold})$
- Example:** Rate \$10/lot + Bonus \$2/lot (if >1000 lots/month) = \$12/lot for high-volume traders

Percentage (Spread-based)

- Rate:** Percentage of spread (e.g. 30% of spread)
- Additional:** Minimum or Maximum cap per lot (ensures commission stays within bounds)
- Formula:** $Commission = (Spread \times Rate) \text{ capped between } [Min, Max]$
- Example:** 30% spread with Min \$2/lot, Max \$50/lot = commission between \$2-\$50

Per Trade (Trade-based)

- Rate:** Fixed commission per trade (e.g. \$5.00/trade)
- Additional:** Bonus per trade (triggered when trade count or volume exceeds threshold)
- Formula:** $Total = (Rate \times Trades) + (Additional \times Trades \text{ if conditions met})$
- Example:** \$5/trade + \$0.50 bonus (if >100 trades/month) = \$5.50/trade

Cash Back (Rebate)

- Rate:** Cash back amount per lot (e.g. \$3.00/lot returned to B)
- Additional:** N/A (not applicable for cash back)
- Formula:** $Cash \ Back = Rate \times Lots$
- Example:** \$3/lot cash back = direct rebate of \$3 for every lot traded

Hybrid (Combined)

- Rate:** Base commission per lot (fixed component)
- Additional:** Additional percentage of spread (variable component)
- Formula:** $Total = (Rate \times Lots) + (Spread \times Additional\%)$
- Example:** Base \$5/lot + 15% of spread = $\$5 + (spread \times 0.15)$ per lot

Commission Type Guide :

Per Lot (Volume-based)

Rate: Base commission per lot (e.g., \$10.00/lot)

Additional: Bonus commission per lot (triggered when monthly volume exceeds threshold)

Formula: $\text{Total} = (\text{Rate} \times \text{Lots}) + (\text{Additional} \times \text{Lots if volume} > \text{threshold})$

Example: Rate \$10/lot + Bonus \$2/lot (if >1000 lots/month) = \$12/lot for high-volume traders

Percentage (Spread-based)

Rate: Percentage of spread (e.g., 30% of spread)

Additional: Minimum or Maximum cap per lot (ensures commission stays within bounds)

Formula: $\text{Commission} = (\text{Spread} \times \text{Rate}\%) \text{ capped between } [\text{Min}, \text{Max}]$

Example: 30% spread with Min \$2/lot, Max \$50/lot = commission between \$2-\$50

Per Trade (Trade-based)

Rate: Fixed commission per trade (e.g., \$5.00/trade)

Additional: Bonus per trade (triggered when trade count or volume exceeds threshold)

Formula: $\text{Total} = (\text{Rate} \times \text{Trades}) + (\text{Additional} \times \text{Trades if conditions met})$

Example: \$5/trade + \$0.50 bonus (if >100 trades/month) = \$5.50/trade

Cash Back (Rebate)

Rate: Cash back amount per lot (e.g., \$3.00/lot returned to IB)

Additional: N/A (not applicable for cash back)

Formula:Cash Back = Rate × Lots

Example:\$3/lot cash back = direct rebate of \$3 for every lot traded

Hybrid (Combined)

Rate:Base commission per lot (fixed component)

Additional:Additional percentage of spread (variable component)

Formula:Total = (Rate × Lots) + (Spread × Additional%)

Example:Base \$5/lot + 15% of spread = \$5 + (spread × 0.15) per lot

IB Partnership Agreement
This agreement is entered between BDX Trading Platform ("Company") and the Introducing Broker ("IB").

1. Appointment
The Company appoints the IB as an independent introducing broker to refer potential clients to the Company's trading platform.

2. Commission Structure

- Commissions are calculated based on referred client trading volume
- Payment frequency: Monthly, within 5 business days
- Minimum payout threshold: \$100 USD

3. IB Responsibilities

- Maintain professional conduct and ethical business practices
- Comply with all applicable laws and regulations
- Provide accurate information to referred clients
